

INTO THE UNKNOWN

A Paranormal Scientific Television Series

SHOW SYNOPSIS

Into the Unknown is a scientific documentary series that features filmmakers and paranormal researchers Connor Taylor and Zach Smith. Using theories that have existed over the past century in the paranormal field, they attempt to validate and prove The Afterlife using modern day Science. This series takes the audience on a quest through the wide spectrum of; Spirit Communication, Frequency, Parallel Universes, The Six Sense, Spiritual Healings, Magic and Spells, and Consciousness. Into The Unknown will develop the supernatural pseudoscience into factual science for the first time in history. Do you fear the unknown or embrace it?

EPISODE CONCEPTS

S01E01
SPIRIT COMMUNICATION

Connor and Zach investigate the Old Lake County Jail in Crown Point, Indiana, where the famous gangster, John Dillinger escaped in 1934. This jail is burdened by the weight of murders, suicides, and unforgiving cold steel. The crew will discover what truly haunts this jail and show that spirit communication can be proven by understanding how equipment works using scientific methods.

S01E02
RESIDUAL HAUNTINGS

Connor and Zach investigate The Farrar Elementary School in Maxwell, Iowa to explore the concept behind Residual Hauntings. It is said to be haunted by the former students who experienced a tragic secret. Are these traumatic events recorded within the walls and surrounding structure of this location? Zach and Connor conduct experiments in attempt to prove that what you experience in a haunted location is psychological or paranormal.

S01E03
PARALLEL UNIVERSES

Connor and Zach investigate the aftermath of the Battle of Gettysburg in Gettysburg, Pennsylvania, where they take you inside on this personal journey of sadness to discover if the soldiers in uniform still walk on the fields where they died. On this episode, they will find out if the parallel universe co-exists within our universe causing activity from residual spirits and hauntings.

S01E04
THE SIX SENSE

Connor and Zach investigate the history of ESP (extra sensory perception) or commonly known as the six sense at Duke University where this theory all began in Durham, North Carolina in the 1930's. Through a study of medical tests, they attempt to validate these abilities after a century of research using notorious psychics and mediums. On this episode, you will find out if we all possess this gift.

S01E05
SPIRITUAL HEALING (PART 1)

Connor and Zach investigate the Sedona Retreats in Sedona, Arizona where they experience the phenomenon of vortex energy that is believed to assist you in spiritual and shamanic work through reiki, meditation, and ceremonies. They are joined by Dr. Oz and Shaman Akal as they attempt to prove the mystery behind the theory of Universal Energy or known as "Spiritual Healings." On this episode, you can decide if this common practice is placebo or a medical breakthrough.

S01E06
MAGIC AND SPELLS (PART 2)

Connor and Zach investigate the mysterious and heavily cultured New Orleans, Louisiana where they study the common practices of white magic and black magic to exploit supernatural forces. On this episode, the audience will finally understand the difference of magic and their intentions with a multitude of practitioners, rituals, and language to command spirits. Do you believe in magic?

S01E7
HAUNTED ITEMS AND ATTACHMENTS

Connor and Zach investigate the Villisca Ax Murder House in Villisca, Iowa where one of the most brutal, unanswered murders in American history took place in 1912. This house is burdened by the weight of 8 bludgeoned victims that were killed in their sleep following a church service. For the first time on television, forensic specialists will collect and sample the blood that is

forever buried in the pores of this structure. Here is where the crew will discover what truly haunts this murder house with the original ax.

S01E08
CONSCIOUSNESS & ENERGY

Connor and Zach investigate the final moments before and after the human life at Cedars-Sinai Medical Center in Los Angeles, California. In this episode, they will attempt to capture the soul leaving the body using highly sensitive cameras and exploring beta waves of the human brain to discover if we find peace or agony when we expire. Death is the our only guarantee in life and our biggest fear, but maybe it's time to embrace it. Do you believe in life after death?
