

TOP SECRET UFO PROJECTS:

DECLASSIFIED

6x50'
documentary series

"I can assure you that flying saucers, given that they exist, are not constructed by any power on earth."

President Harry S. Truman, 1950

MAIN CONCEPT

This documentary miniseries features the most recent and detailed information to examine the most famous top-secret projects whose aim was to observe, analyze and evaluate all credible hints of extraterrestrial presence on Earth. It will show investigations of those hints which quickly became irrefutable proof of the existence of alien entities that observe us and whose technology is vastly superior to ours. These top-secret programs recently declassified expose shocking facts about realized extraterrestrial contacts.

EPISODE STRUCTURE /1-6

EPISODES 1/ "BLUE BOOK UNKNOWNNS"

Project Blue Book, which examined UFO activities, was officially discontinued in 1969. The archives, however, were only recently open in 2015. This episode will have experts answer the question of what hides behind the approximately 700 out of 12000 observations that have remained unexplained to this day. And what did the secret Pentagon project reveal between 2007-12?

Special Guest:

Luis Elizondo - a career intelligence officer whose experience includes working with the U.S. Army, the Department of Defense, the National Counterintelligence Executive, and the Director of National Intelligence.

EPISODES 2/ "PROJECT AQUARIUS"

A secret program that ran parallel to the cancellation of Project Blue Book. From the lips of the most renowned experts we find out this highly confidential program - project Aquarius - was financed with secret CIA funds and its purpose was to collect all relevant scientific, technological, medical and intellectual information related to UFO sightings and contacts with extraterrestrial life forms.

Special Guest:

Michael Schratt - Michael has developed a number of contact who have had first hand experience dealing with classified "black programs", including former USAF pilots, retired Naval personnel and aerospace engineers who have maintained a TOP SECRET Q "MAJIC" clearance.

EPISODE STRUCTURE /1-6

EPISODES 3/ "CODE NAME AURORA"

Secret program experts will help us look behind the curtain of the genesis of the Aurora program. The development of this technologically unprecedented aircraft was preceded by knowledge gathered from extraterrestrial spaceships and will be illustrated also by recorded UFO sightings matching the Aurora program specs.

Special Guest:

Mike Dandy - for over 20+ year he has been investigating ufology and the technology behind their crafts and propulsion methods that are used. With a background in biology, electronics and computer science, he has successfully replicated many forms of Electrogravitic propulsion that top secret military craft are using today like the TR-B3 and B2 bomber.

EPISODES 4/ "MONTAUK PROJECT"

Montauk is well known for being the army base that gave birth to the famous Philadelphia Experiment (focused on time travel). This episode, however, will look at the aspect of the project that was, as many theories propose, the heart of the entire project - a contact with an extraterrestrial intelligence and utilizing the knowledge it shared focusing on the examination of extraterrestrial activities and research of extraterrestrial technologies.

Special Guest:

Christopher Garetano - filmmaker (author of the movie Montauk Chronicles) Christopher Garetano has been on a ten year mission to unravel the mysteries of the Montauk Project, a legend that has survived for decades on the lips of men claiming to have worked for a top secret project focused on everything from mind control to dimension hopping.

EPISODE STRUCTURE /1-6

EPISODES 5/ "HACKED AND LEAKED"

This episode will focus on all the UFO-files that were illegally leaked from top secret folders by infamous hacks. Breaking into U.S. military computer systems in 2002 by Scottish system administrator Gary McKinnon became one of the top alien conspiracist theories – that NASA and the U.S. Government has known for years we are monitored by UFOs from far-flung galaxies. Ex- NSA tech Snowden leaked documents had yet another element of surprise; it has a set of slides depicting mysterious spacecrafts referring to Flying Saucers or UFO.

Special Guest:

Timothy Green Beckley - over the years he has written over 25 books on everything from rock music to the secret MJ12 papers. He has been a stringer for the national tabloids such as the Enquirer and editor of over 30 different magazines. His longest running effort was the newsstand publication UFO UNIVERSE which went for 11 years.

EPISODES 6/ "SOVIET SECRET RESEARCH"

How did the second largest superpower in the world deal with researching UFOs and extraterrestrial life? This episode will inspect the famous research done by the soviet KGB on a 12.000 year old mummy (Project ISIS) that was allegedly discovered in Egypt. Are there secret bases in the Russian territory dedicated to the examination of extraterrestrial technologies? The episode will feature comments from Russian ufologists and will show unique rarely seen archive footage from UFO observations in Russia.

Special Guest:

Michael Hesemann - a historian, an internationally published author, an award-winning documentarist, and an investigative journalist. A German resident, he published and edited Magazine 2000, Europe's largest circulation magazine on mysteries of the past and present, for two decades.
