Visit coral reefs, kelp forests, and other extraordinary underwater worlds. Find out fascinating facts about favorite ocean animals, including JELLYFISH, CLOWN-FISH, and SEAHORSE.

OUR ANIMATED CHARACTERS :

The 26 episodes will be presented and narrated by two little ANIMATED friends: SALLY and VICKY aboard of their inseparable submarine BEA the Sea Turtle. SALLY is a very curious girl and loves immensely the little friends who live below the sea surface. SALLY will tell us about their habits, their home, their food and at the same time she will make so many questions to his friend VICKY who is practically a walking encyclopedia and always knows just about everything. VICKY is also the pilot of the submarine BEA, the funny sea turtle that will help them to explore all of the seabed and to meet all the fish friends.

EPISODE STRUCTURE

PART 1 : Introduction of the episode by Sally and Vicky.

Sally and Vicky are on the beach or on the pier, and they are waiting for BEA (the turtle submarine) arrival. Sally asks Vicky what will be the destination of the adventure today. Vicky will respond by introducing our animal friends submarines that they'll meet in the coming episode.

PART 2 : BEA the submarine arrives and every time Sally and Vicky will rejoice because excited by the new adventure under the sea.

PART 3 : Diving and adventure can begin. Development of the episode under the REAL SEA with REAL FISH (not animated).

Part 4 : End of the episode and Sally, Vicky and Bea after emerging on the surface greet the audience giving appointment to the next special and incredible new adventure under the ocean.

THE UNDERWATER MISSION

EPISODE STRUCTURE :

In this new series we help children understand that there are many parallels between their life on earth and the animal species that live beneath the surface of the ocean. They will see that fish also have their own houses, and go to school; and there are moments of danger when they must be strong to defend themselves, lessons that children need to learn in all walks of life. This simple but new concept in series 3 will appeal to a slightly wider audience, we believe between 4 and 9 years old.

PART 1: Sally and Vicky introduce the episode.

Sally and Vicky are on the beach, and they are waiting for BEA the sea turtle to arrive.

Sally asks Vicky what today's adventure will be? Vicky will respond by introducing the underwater friends they will meet in the episode.

PART 2: BEA the sea turtle, their own personal submarine, arrives and Sally and Vicky rejoice because they are excited to be off on a new underwater adventure.

PART 3: They dive and the adventure can begin. The episode develops with spectacular natural footage under the REAL SEA with REAL FISH (not animated).

Part 4: Sally, Vicky and Bea surface after their voyage and talk about the animals they have met and the things they have experienced in their underwater adventure. They look forward to the next episode in their Underwater Mission.
